## The Essence of Personal Health

Do something good for yourself. Relax your body and mind, speed up recovery from post exercise soreness, work on healing a nagging ache, or get rid of that knot in your back. With the Cozzia Espree smart technology chair you'll have fast and accurate relief, so you can get back to being you.

## Detail & Design

Cozzia is designed for the refined buyer who demands only the very best, with years of research, testing, and uncompromising attention to detail and design. Cozzia massage chairs feature many proprietary and unique functions that deliver unmatched levels of therapy and relaxation that makes other products simply incomplete.

## 12 Automatic Programs

Easy to use automatic massage modes allow you to enjoy a massage instantly at the press of a button. With the timer you can make the massage last as long as 30 minutes.

## 3 Custom Programs

Everybody is different, create your own massage program to get exactly what you need. Choose the areas and your favorite massage types, the computer will automatically create a program just for you.

## 3D L-Track System

Massage mechanisms that feel more like a human, and an L-track shaped just like your spine, glides from your neck down to your glutes, providing top to bottom back relief.

## Faster Body Scan Technology

Using the body scan data along with Smart Curve technology, the 3D massage rollers are quickly and precisely placed for a perfect massage every time.

## Full-Body Air Compression

38 multi-layered airbags expertly places throughout the massage chair to perform a full body compression massage. Our advanced compression systems help to reduce inflammation, promote relaxation and speed up muscle recovery.

## Therapeutic Lumbar Heat

Therapeutic heat improve muscle performance and calms your nervous system. Placed at the lumbar of the backrest so you can feel soothing heat for a deeper massage.

## 2 Zero Gravity Positions

Recline back and you'll experience reduced pressure from head to toe, in these relaxed positions your body is more receptive to massage. These are the best positions to improve circulation and reduce swelling in your legs.

## Acupressure Foot Massage

Corresponding to parts of the body Reflexology science uses specific zones to lift your energy and encourage your body to focus on specific problem areas and makes your feet feel relaxed and renewed heal to toe.

## Warranty

5 Years Frame / 2 Years Parts / 1 Year Service
